### GUIDED AND SELF-GUIDED HUNTS

Over the past 15 years we have built a huge network of Endorsed Outfitters. Whether you draw a coveted tag or buy a guaranteed tag, we recommend top outfitters for each species in each western state at no charge. Our job is to give you the best list of outfitters who can help you turn your tag into a trophy animal.

If you wish to go self-guided, a critical key to a quality hunt often comes in the form of a Ranch Lease, Drop Camp, Semi-Guided hunt, or by drawing a tag. These hunts can be extremely challenging to find. The staff at *The Huntin' Fool* are constantly finding these quality opportunities and offering them to members.

### HUNT FINDER

Check out our electronic Hunt Finder to see current openings, reduced price hunts, and last minute cancellation hunts from our Endorsed Outfitters. You can search for hunts that fit your specific needs. Search by date, price, species, and location! These hunts are updated in real time for up to the minute opportunities. You can also use this site to contact our outfitters directly before you book a hunt! Go to [www.huntfinder.com](http://www.huntfinder.com)

**WHAT OUR MEMBERS SAY ...**  
"I figured the best way to start out was to give Jason Carter at The Huntin' Fool a call. Talking to him for the first time is like talking to an old friend. He was congratulatory for the luck in draws and more than willing to give out information that would be a value to me. A list of reputable guides and contacts of other *Huntin' Fool* members to call that have held a similar tag in years past, really helped get the ball rolling."

WHAT OUR MEMBERS SAY...

"As a first year member, I would rate your service as flat-out Awesome! I've tried in the past to figure the odds on my own, but just didn't seem to have any luck. I heard about your service and sent in my \$100. This would turn out to be the best \$100 I've ever spent. THANK YOU! By using the info you provide I was lucky enough to draw these 3 great tags: Idaho Rocky Mt. Bighorn Sheep, Montana Rocky Mt. Bighorn Sheep, and a Washington State Shiras Moose tag! Not only did you help me get these great tags but your service then sent me names of other previous lucky tag holders as well. Again THANKS! I will urge every hunter I know to join your service. It's just too valuable of information not to share."  
—G Babcock, Maple Valley WA

WHAT OUR MEMBERS SAY...

"In my first issue of *The Huntin' Fool* Garth Carter brought attention to the once-in-a-lifetime drawing for New Mexico Oryx. I thought what the heck I'll apply along with my 12 year old son. Wouldn't you know it, we drew on our first try! I also took Garth's advice and applied for New Mexico Bighorn sheep in the Pecos—heck someone has to draw the tag, right? On my first try I drew a Bighorn sheep tag! Thanks to the advice from Garth Carter... I drew two once-in-a-lifetime hunts in 1 year! It just doesn't get any better than that."  
—J Morley, Geneseo NY

WHAT OUR MEMBERS SAY...

"I have played the tag game in one form or another for the last 7 or 8 years in various western states and some mid-western states as well. It is quite overwhelming to tackle a job such as this by oneself. My hunting addictions have led me to numerous subscriptions and publications to help me make my decisions on my applications. I will say that up until I received *The Huntin' Fool*, it was quite an undertaking. This publication is a plethora of information for hunters trying to give themselves an edge on the tag game."  
—J Clark, Ogden UT

WHAT OUR MEMBERS SAY...

"I was going to hunt an unknown unit and I needed all the information I could get, so I called Jason Carter at *The Huntin' Fool* and asked him for a list of members from their Member Draw Database, who had drawn that unit in the past. I was excited talking to fellow *Huntin' Fool* members and hearing their hunting stories from previous seasons—they were very helpful! By talking with them and studying the maps I got more familiar with the area and how to hunt it."  
—C Dolecek, Golden CO

WHAT OUR MEMBERS SAY...

"Everything we encountered on the hunt i.e. terrain type, dirt roads, camping location, glassing knobs, and deer numbers, I had first hand knowledge of from other *Huntin' Fools* over the phone before we ever left home. Your service is absolutely the best hundred dollar bill I've ever spent."
